SPECIAL TRUSTEES, Elected by Alumni Society.

TERM EXPIRING 1902.

DR. W. P. MCADORY.

TERM EXPIRING 1903.

HON. H. R. DILL.

FACULTY.

ANDREW PHILIP MONTAGUE, A.M., Ph.D., LL.D.,
President.

ROBERT JUDSON WALDROP, A.M.,
Professor of Pure Mathematics.

EDGAR POE HOGAN, A.M.,
Professor of Chemistry and Biology,

EDWARD BRAND, A.M.,
Member American Mathematical Society,
Professor of Applied Mathematics and Modern Languages.

ALLEN J. MOON, A.M.,
Professor of Latin and Greek.

*
Professor of Biblical Literature.

*
Professor of English and Mental and Moral Sciences.

EDGAR POE HOGAN, A.M.,
Commandant of Cadet Corps.

M. B. GARRETT, A.B.,
Assistant in Latin and Greek.

C. C. JONES, M.D.,
College Physician.

C. HARRY MILES,
Professor of Physical Training and Athletics.

R. J. WALDROP, Secretary and Treasurer of the Faculty

*To be supplied.

LECTURE CORPS, 1902-1903.

Lectures on Science, Literature, Economics and other Subjects of Interest and Benefit to Students.

Supt. J. Herbert Phillips, Ph.D.
Prin. J. Benjamin Cunningham, A.M.
Edward Powell Riggs, M.D.
Benjamin L. Wyman, M.D.
Dr. Samuel L. Ledbetter, Oculist
John E. Frazier, D.D.S.
Hon. Edward H. Cabaniss.
J. D. S. Davis, M.D.
Hon. John P. Tillman.
Hon. Rufus Rhodes.
Hon. R. M. Cunningham, M.D.
Dr. Samuel Ullman.
Hon. John H. Miller.

Lecturers on Biblical Subjects.

A. J. Dickinson, D.D.
W. C. Ward, LL.D.
L. O. Dawson, D.D.
A. C. Davidson, D.D.
E. H. Sholl, M.D.
J. P. McFerrin, D.D.
A. B. Curry, D.D.

ORGANIZATION.

The College is composed of seven academic schools or departments, as follows:—

I. School of Latin Language and Literature.
II. School of Greek Language and Literature.
III. School of English and Elocution.
IV. School of Modern Languages.
V. School of Mathematics.
VI. School of Natural Sciences.
VII. School of Mental and Moral Sciences.

In addition to these, a professional course in Pedagogy is offered. Instruction is also given in History and the English Bible.

In every Department correct English is a requirement. The student is graded according to his knowledge of English syntax, orthography, punctuation and pronunciation.

DEPARTMENTS OF INSTRUCTION.

I.—SCHOOL OF THE LATIN LANGUAGE AND LITERATURE.

Professor Moon.
Mr. Garrett.

The purpose of the instructors in this department is to give the student thorough knowledge of the inflections and extensive familiarity with the vocabulary of the language, systematic training in the principles of syntax, and some acquaintance with the history and criticism of Latin literature and with the public and private life of the Romans; but the greater emphasis is placed on the study of the language, so as to lay a broad and solid foundation for more advanced work. The method is intensive rather than extensive.

Four courses in Latin are offered.

COURSE I.—For Beginners.—Thorough drill in pronunciation, inflections, vocabulary, and the general principles of syntax; translation of Latin into English and English into Latin, in the form of graded exercises; the reading of easy Latin prose. *Five periods a week.*

Students who desire to take this course must show a fair knowledge of English grammar.

COURSE II.—Freshman.—The reading of (1) easy Latin and selections from the *Viri Romæ* and Nepos, (2) selections from Cæsar's Gallic War; careful and persistent study of forms, constructions, and idioms; oral and written exercises in Latin prose composition, and practice in reading at sight. *Five periods a week.*

The requirement for admission into this class is such knowledge of the elements of Latin grammar as will enable one to translate easy selections with accuracy and readiness.

COURSE III.—Sophomore.—The class reads (1) Cicero, (2) Ovid, and (3) Vergil, and makes a review and

further study of forms and constructions. Other topics of study: (1) Latin word-formation as an aid in acquiring a vocabulary; (2) the analysis of simple and compound sentences; (3) Latin prosody; (4) Roman life and history, suggested in reading the text; (5) reading at sight. At least one period a week is given to Latin prose composition. *Five periods a week.*

COURSE IV.—JUNIOR.—(a) Selections from the Odes, Satires and Epistles of Horace; Cicero's *Cato Major* (*de Senectute*), or *Lælius* (*de Amicitia*); systematic study of Latin quantity and versification and of Greek and Roman mythology; study of Roman literature. Some time is also given to the study of syntax, word formation, etc. *Two periods a week.*

(b) Systematic study of the syntax of the verb in dependent clauses, with practical exercises in Latin prose composition. *One period a week.*

Throughout the entire course in Latin constant attention will be directed to the Latin elements in English words, and some consideration will be given to the principles of Comparative Philology.

TEXT-BOOKS.

COURSE I.—Bennett's Foundation of Latin; Scudder's Gradatim.

COURSE II.—Rolfe and Dennison's Junior Latin Book; Bennett's Latin Grammar.

COURSE III.—Kelsey's Orations and Letters of Cicero; Anderson's Selections from Ovid; Greenough and Kittridge's Æneid of Vergil; Bennett's Latin Grammer, and Latin Composition. For reference: Gow's Companion to School's Classics; Gayley's Classic Myths; Harper's Dictionary of Classical Literature and Antiquities.

COURSE IV.—Smith's and Greenough's Horace; Bennett's Cicero *de Senecute* or *Amicitia*; Bennett's Latin Grammar, and Latin Composition; Wilkin's Primer of Latin Literature; White's or Lewis's Latin Dictionary; Kelsey's Outline of Greek and Roman Mythology. For reference: Same as in Course III., with the addition of Harper's Latin Dictionary, White's English-Latin Dictionary, Gildersleeve-Lodge's Latin Grammar, and Harkness's Latin Grammar.

MAIN BUILDING, HOWARD COLLEGE.

II.—SCHOOL OF THE GREEK LANGUAGE AND LITERATURE.

Professor Moon.
Mr. Garrett.

The instruction in this department is intended: (1) to lead the student to the mastery of the inflections, vocabulary, syntax, and idioms of the language, and thus enable him to read Greek with accuracy and readiness; (2) to give him some acquaintance with the masterpieces of Greek literature and awaken in him an appreciation of the excellencies of Hellenic genius; (3) to make the study of Greek an aid in the mastery of English, and a means of intellectual training and development.

Five courses are provided for in this school.

COURSE I.—Freshman.—The class begins with the alphabet, giving special attention to the sound and classification of the letters. Then follows a thorough and systematic drill in the regular inflections of the language, and in the principles of accent and euphony, together with daily exercises in translating Greek into English and English into Greek. The analysis of words, especially verbs, is frequently required. Attention is given to the leading principles of syntax. *Five periods a week.*

Before beginning this course the student is required to complete one year's work in Latin.

COURSE II.—Sophomore. Xenophon's *Anabasis*; systematic study of grammar; practice in reading at sight; composition, and a study of important principles of word formation. Consideration is also given to questions relating to Greek history and life which arise in reading the *Anabasis*. *Five periods a week.*

COURSE III.—Junior.—a. The class reads (1) Lysias or Plato, (2) Euripides, (3) Homer's Iliad or Odyssey; and, in connection with the reading, studies (1) versification, (2) the Homeric dialect, (3) syntax, (4) mythology, (5) Greek history and life, (6) Attic oratory, and (7) Greek literature. *Two periods a week.* Required in both A.B. courses.

b. Attic prose; systematic work in composition. *Two periods a week.* Required of students taking A.B. Course I.

COURSE IV.—SENIOR.—The class will be occupied mainly in reading the New Testament in the original, but will give attention to the following topics: (1) critical comparison of the Authorized and Revised Versions, (2) the teaching and historical setting of passages studied, (3) syntax, (4) vocabulary, and (5) composition. Incidentally, word formation, synonyms, and textual criticisms will be studied. *Three periods a week.* Required of students taking A.B. Course I.

Throughout the entire Greek course constant attention will be directed to the Greek elements in English words; and, in the higher classes, the principles of Comparative Philology will receive consideration.

TEXT-BOOKS.

COURSE I.—Forman's First Greek Book; Hadley and Allen's Greek Grammar; Colson's First Greek Reader.

COURSE II.—Harper and Wallace's or Goodwin and White's Xenophon's *Anabasis;* Collar and Daniell's Greek Composition; Hadley and Allen's Greek Grammar.

COURSE III.—a. Leaf and Bayfield's Homer's Iliad; Wait's Orations of Lysias; Forman's Selections from Plato; Hadley and Allen's Greek Grammar; Lidell and Scott's Greek Lexicon; Jebb's Primer of Greek Literature; Mahaffy's Old Greek Life. For reference: Gow's Companion to School Classics; Gayley's Classic Myths; Harper's Dictionary of Classical Literature and Antiquities.

b. Text-books to be selected.

COURSE IV.—Westcott and Hort's Greek New Testament; Green's Handbook to the Grammar of the Greek Testament; Burton's New Testament Mood and Tense. For reference: Winer's or Blass's Grammar of the Greek Testament; Thayer's Greek-English Lexicon of the New Testament; Meyer's or Hackett's Commentary on Acts; the Appendix to Westcott and Hort's Greek Testament.

III.—SCHOOL OF ENGLISH.

English Language and Literature.

Practical instruction: (a) in composition; (b) in the principles of grammar and rhetoric; (c) in the critical analysis of prose and poetry.

Purpose: (a) clearness of thought; (b) clearness and correctness of expression; (c) facility in composition and orderly arrangement of parts; (d) cultivation of literary taste and creation of interest in the great masterpieces of literature: (e) a general acquaintance with English and American authors; (f) some familiarity with the history of English and American literature.

Frequent exercises in composition constitute an important part of the work throughout the course.

FRESHMAN.—Higher Lessons in English (completed)—Reed and Kellogg; Genung's Outline of Rhetoric; American Literature; composition.

SOPHOMORE.—Scott and Denney's Rhetoric; English classics; composition.

JUNIOR.—History of English Literature—Brooke; Myer's General History; themes. For reference: Pancoast's English Literature; Rutherford's English Authors.

SENIOR.—Political Economy—Walker; English classics; Logic—Jevons-Hill; themes.

IV.—SCHOOL OF MODERN LANGUAGES.

Professor Brand and Mr. Garrett.

A two-years' course is provided in both German and French. Thorough drill in the grammars is given throughout the first year. The translation of easy prose, such as Grimm's Maerchen, Super's Elementary French Reader is begun in the second term of this year. The second year's work will consist largely of reading, prose composition, and conversation.

German.

JUNIOR.

First Term. Collar's Eysenbach.

Second Term—Grammar continued; Super's Elementary Reader or Grimm's Maerchen.

SENIOR.

First Term.—Altes und Neues; Bilderbuch ohne Bilder; Bilder aus der Deutschen Litteratur; Bernhardt's or Harris's Prose Composition.

Second Term. Wilhelm Tell, Maria Stuart or Maid of Orleans; Das Lied von der Glocke; Prose Composition continued.

For reference: Joynes-Meissner's German Grammar.

French.

JUNIOR.

First Term.—Edgren's French Grammar.

Second Term. Grammar continued; Super's Elementary French Reader.

SENIOR.

First Term. French Prose Composition; Le Conscrit de 1813; LaFontaine's Fables.

Second Term. French Prose Composition; Selections from French Historians.

V.—SCHOOL OF MATHEMATICS.

Professors Brand and Waldrop.

This school offers a course in Mathematics extending through the four years of collegiate study. A thorough knowledge of Arithmetic and Elementary Algebra is required for admission into the Freshman class.

Throughout the entire course reasoning rather than memorizing is insisted upon. Numerous original problems and exercises are given to test accuracy and to encourage self-confidence on the part of students.

The Freshmen and Sophomore years include only pure Mathematics. The Juniors continue the same line of work, with the addition of Astronomy, Plane Surveying,

Plane Analytic Geometry, and such application of Mathematics as may seem beneficial to the particular class.

The Senior year, consisting largely of Applied Mathematics, is required of none but students of Engineering. This vicinity offers rare opportunities to students of Engineering. Beginning with the second term of the Junior year, occasional outings will be made to the various railroads, mines, furnaces, foundries, factories, power-houses, etc., in and around Birmingham.

FRESHMAN.

First Term.—Plane Geometry (Wentworth's Revised Edition.)

Second Term.—Solid Geometry (Wentworth's Revised Edition.)

SOPHOMORE.

First Terms.—College Algebra.

Second Term.—1. Plane Trigonometry.—*Five hours a week*, latter half of Sophomore year. Ratio, definition of functions of angles, theory of limits, functions of multiple and fractional angles, right and oblique triangles and applications. Required of all Sophomores.

Text-book: Wells or Phillips and Strong.

2. Plane and Spherical Trigonometry (Advanced Course).—*Four hours a week, three months.* Rapid review of the plane followed by the right and oblique spherical triangle, with certain elementary applications to astronomy. Required of Juniors.

Text-book: Wells or Phillips and Strong; Supplementary Problems.

3. Astronomy.—Descriptive Course. *One hour a week, nine months.* Required of all Juniors.

Text-book: Young or Todd.

4. Analytic Geometry.—*Three hours a week, six months.* Straight line, circle, parabola, ellipse, hyperbola, general equation of second degree. Required of Juniors.

Text-book: Bailey and Wood or Ashton.

Surveying.—*One hour a week, six months.* Required of students offering for the degree of B.C.E. Calculation of areas, division of land, field work with compass, transit, level, etc., centre line, Cross-section and topographical leveling.

Text-book: Davies.

5. Differential and Integral Calculus.—*Three hours a week, one year*, for engineering students. Open to others who show ability to handle mathematics.

Text-book: Osborne.

6. Field Engineering.—*Two hours a week, one-half year.* Field work one afternoon of each week and other days by arrangement.

Text-book: Searle.

7. Construction.—*Two hours a week, one-half year.*

8. Analytic Geometry (Advanced course.)

Text: C. Smith.

9. Determinants and Theory of Equations.

Text: S. M. Barton.

10. Calculus, Diff. and Int. (Advanced course.)

Texts: Murray and Byerly.

Nos. 8, 9 and 10 are open to graduate students and recite by appointment.

VI.—SCHOOL OF NATURAL SCIENCES.

Professor Hogan.

This department, as now organized, comprises Biology, Geology, Mineralogy, Chemistry and Physics.

Biology.

Botany.—This division of Biology will be studied in the Freshman class, and will receive the attention its importance demands.

Zoology.—Freshman and Senior years: Beginning with the microscopal forms of animal life, the study will be continued until the class is familiar with Zoology as treated by the best authors. All students will be expected to give considerable time to the study of specimens.

Physiology and Hygiene.—Senior Class: Instruction is given in this subject by means of the text, charts, lectures and experiments.

The class will have the privilege of spending a few evenings in dissecting with the students of the Birmingham Medical College. This is an unusual opportunity in this department.

Chemistry.

All students must take this course throughout their Junior year. It embraces (1) General Chemistry, and (2) Qualitative Analysis.

Lectures on organic and physiological chemistry will be given in this department, and all students of the regular chemistry class will be required to attend them.

Mineralogy.

Mineralogy will be taught in connection with Chemistry and Geology. Text-book: Dana's Manual.

Geology.

Second term of the Senior year: Dynamical, structural and historical Geology will be so taught as to enable the student to acquire a general knowledge of the subject in the allotted time. Charts, maps and specimens obtained from geological surveys will be used in teaching the subject. The Birmingham district, with its formations of coal, iron, limestone and other minerals, affords the best field in the State for the study of geology. Text-book: LeConte.

Physics.

Senior Class: Gage's Principles of Physics will be used. Special attention will be given to the general principles and laws of Physics; and it will be the constant effort of the instructor to create interest in the study by the experiments performed and knowledge acquired.

Electricity, light and sound will have careful attention; and the students will be encouraged to perform for themselves such experiments as will be of most benefit to them.

Through the kindness of the Birmingham Railway, Light and Power Company the class will have the privilege of visiting its electric plant.

Howard College, located as it is in the Birmingham district, with its varied resources, industries and institutions, is unsurpassed in facilities for giving students a practical knowledge of the natural sciences.

VII.—SCHOOL OF MENTAL AND MORAL SCIENCES.

This department embraces regular text-book and lecture courses covering the Junior and Senior years.

The course in Psychology is intended to give the student a clear knowledge of the powers and special faculties of the mind, and to acquaint him with the interdependence of these qualities, the order of their natural development, and the relations between mental and bodily activities.

Experience has shown that a knowledge of these facts is not only important within themselves, but that it aids the student in finding the best means for quickening a healthy and harmonious development of his own mental powers, and assists him in his other studies.

The course of Ethics is expected to furnish the student with a knowledge of the doctrine of human character; to reveal to him his obligations to himself, his fellows, and his Creator; to invest him with the power of self-control; and to aid him in forming correct habits of conduct.

The course is as follows:

JUNIOR CLASS.

First Term.—Roark's Psychology: Practical experiments in the study of the special senses.

Second Term—Roark's Psychology.

SENIOR CLASS.

First Term—Ladd's Descriptive Psychology; Experimentation.

Second Term—Ethics (Hickok.)

In addition to the text-books mentioned, students will have access to the library of this department, and will be required to acquaint themselves with the views of noted authors on the most important topics.

Pedagogy Course.

The strong and ever-increasing demand for teachers of professional training as well as scholarly attainments evidences the fact that thorough preparation on the part of the teacher is the very best economy of time and money.

EAST LAKE.

HOWARD COLLEGE BUILDINGS AND GROUNDS TO THE LEFT.

For several years past Howard has not been able to fill the applications it has received for such teachers. Trained teachers are always in demand at good salaries.

In view of these facts, the Faculty has considered it necessary to add to the Department of Mental and Moral Sciences a one-year's course in Pedagogy for the benfit of students who expect to teach and for teachers who have already had some experience in teaching, and who desire to take a professional course, to fit themselves for positions more desirable and remunerative.

The course arranged includes the work in Mental and Moral Sciences outlined for the Junior and Senior years, with additional courses in Pedagogy proper, School Management, Principles and Methods of Teaching, History of Greek Philosophy, comparative study of the different Schools of Modern Psychology, Temperaments and Environment in Education, and a study of the principles of lighting, heating, ventilating, and sanitation.

This course can be completed in one year by those who give it all their time; and, where the student is able to do it, one or two other collegiate studies may be added without increase of time or expense.

Those who desire to do so may take this with other regular courses, completing it in two years instead of one.

The regular degree for the completion of this course is BACHELOR OF PEDAGOGY. Those who have had at least three years' experience in successful teaching will receive the degree of MASTER OF PEDAGOGY. These degrees, however, will not be conferred on any except those who, at the time of receiving them, are graduates of this or of some other reputable college, or who have done equivalent work.

Women as well as men will be admitted to this department.

Through the courtesy of Supt. J. H. Phillips, one of the strongest members of the Howard College Lecture Corps, arrangements have been made by which students of this department can visit the Birmingham public schools from time to time and observe the work in a graded school system which is second to none.

BIBLICAL LITERATURE.

The Bible is the greatest of all books, and no man has a finished education without some knowledge of its teachings. This course is neither theological nor sectarian, its purpose being to give such general information of the Scriptures as every one will need, no matter what his profession in life or his religious creed. In addition to Bible readings and recitations, a course of lectures by the different members of the Faculty and distinguished gentlemen of this and other States has been arranged for next session. The course in Biblical Literature is open to all students of the College; it is required of members of the Junior and Senior classes.

PHYSICAL TRAINING AND ATHLETICS.

Professor C. Harry Miles.

The Physical Training Course in the gymnasium and the outdoor athletic sports and games keep the body strong and healthy and furnish pleasant recreation, which is as necessary to the student as study.

Prof. C. Harry Miles, who so sucessfully conducted the work in this department last session, has been regularly elected Professor of Physical Training and Athletics for the session of 1902 and 1903.

Prof. Miles received his later training under Dr. D. A. Sargent, at Harvard University. He has been in charge of the Birmingham Athletic Club for the last eight years.

Two lessons per week hereafter, instead of one as heretofore.

The annual Field-Day and the annual Athletic Exhibition, with medals awarded to successful contestants, are among the most interesting features of Commencement week.

All students, physically able, are required to take regular work in physical training, health and physical development being among the most important features of an education.

COURSES OF STUDY AND DEGREES.

There are four regular undergraduate courses of study and one professional course—that of Pedagogy.

1. The Classical Course (A.B., Course I. and II.)
2. The Scientific Course.
3. The Civil Engineering Course.
4. The Literary Course.
5. Course in Pedagogy.

These courses, except the course in Pedagogy, are outlined below, and lead to the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Civil Engineering, and Bachelor of Literature, as indicated in the schedule.

The course for the degree of Bachelor of Pedagogy is given under "Pedagogy," page 16.

Each of the regular courses usually requires four years for its completion, but in some cases a course may be completed in less time. Especially is this true with reference to the course for Bachelor of Literature, which may be completed in three years.

Physics	2

In addition to these subjects, each student in the Junior and Senior classes recites once a week in the Bible throughout the session. For course of study and requirements, see department of "Biblical Literature," page 18.

Explanations and Requirements Regarding Courses and Degrees.

1. For the divisions of the subjects taught in any year and the text-books used, the student is referred to the separate schools under the head, "Departments of Instruction."

2. Students who are candidates for any one of the several degrees are required to pursue the course of study outlined for that degree. Deviations are allowed only on the approval of the Faculty.

Postgraduate Degrees.

The postgraduate degrees are MASTER OF ARTS, MASTER OF SCIENCE, MASTER OF LITERATURE, AND CIVIL ENGINEER. A postgraduate degree may be obtained by a graduate of this College, or of any other institution of equal grade, by pursuing, *in residence*, a one-year's course of study approved by the Faculty.

HOWARD COLLEGE ACADEMY.

(SUB-FRESHMAN DEPARTMENT.)

This department is designed to prepare young men for admission into the College classes. The students are under the same regulations and enjoy the same advantages as those in the College. The methods of instruction and the course of study conform and lead directly to the College Curriculum, thus making the department a natural and easy door to the College. Students bearing certificates of proficiency from this department are received into the College classes without further examination. Any student deficient in the studies of any schools of the College course is allowed to finish these studies in the Academy, and at the same time, if desirable, pursue other studies in the College.

The instruction in the Academy is given by the professors in the College, and in some cases by competent assistant instructors.

Course of Study.

Latin: Bennett's Foundations of Latin; Scudder's Gradatim	5
English Grammar; Composition (Reed & Kellogg)	3
Physical Geography (Davis's)	2
Arithmetic: Wentworth's Advanced	5
Algebra: Wentworth's New School Algebra	5

BUSINESS COURSE.

Believing that a thorough elementary education is the prime essential for mastering a commercial course of studies and enabling one to use successfully the knowledge thus obtained, the Faculty has decided to offer to young men of limited means and time a one year's business course.

The advantages of such an addition are two-fold :

1. Many young men who desire to enter a business college have never had opportunity to get the elementary education necessary. Such students may recite with the regular classes of the College or Academy, and at the same time pursue the studies outlined for the business course.

2. Many will desire the commercial training in addition to the regular College course. These will be allowed to take the business course in connection with their academic studies.

For entering this department, a young man should have completed the course, or the equivalent of the course, taught in the Academy, Latin excepted ; but he may carry on the work of the Academy and the business course together, subject to the approval of the Faculty.

On completion of the business course, together with the preliminary studies, a certificate will be granted.

Course of Study.

One year's work in English, Bookkeeping, Penmanship, Commercial Law, Business Forms, and Commercial Arithmetic.

Also, a regular course in Stenography, by competent teacher, for such as desire it.

GRADING AND EXAMINATIONS.

In every class the student is questioned on the lesson of the day and graded according to his knowledge of the subject. A record of daily marks is kept by the professor. At the end of each month an average of these marks is calculated and recorded. From this record the student's class-standing is determined.

To the parent or guardian is sent monthly a transcript of this record of class-standing, together with such other information as may be deemed important. By the prompt and judicious attention of those to whom they are addressed, these reports may be made of great value in promoting improvement and in sustaining a just discipline.

Examinations.

In addition to the daily questioning, written examinations, embracing the subjects treated in a given time, are held near the close of each term and at such other times during the session as may be necessary. These examinations are given to test the student's knowledge of the subjects passed over and determine whether he is prepared to pass to a higher class or to graduate. In order to pass, students in all classes must make 70 per cent. of the maximum. In the final average the examination average counts one-third; the final daily average two-thirds.

Students must not absent themselves from their examinations.

COLLEGE HONORS.

Medals.

The College offers the following medals:

I. IN THE CADET CORPS.

1. GOLD MEDAL for proficiency in Manual of Arms.
2. GOLD MEDAL for excellence of Soldiership.

II. IN ATHLETICS.

1. GOLD MEDAL for best all-round Athlete.

III. IN ACADEMIC DEPARTMENT.

1. GOLD MEDAL for the best declamation from the Sophomore class.
2. GOLD MEDAL for the best oration from the Junior class.

The orations are required to be original compositions.

For Attainment of Class-Distinction.

1. A student who makes an average in any School of ninety per cent. for the session is recorded as DISTINGUISHED in that School. Those who are thus distinguished in all their studies are known as DISTINGUISHED UNDERGRADUATES.

2. Honors are awarded to the graduating class as follows:

a. The graduate who has made, during his college course, an average of ninety per cent., and not less than eighty per cent. in any one department, is awarded the honor of GRADUATE WITH DISTINCTION.

b. The graduate who has made, during his college course, an average of ninety-five per cent., and not less than eighty-five per cent. in any one department is awarded the honor of GRADUATE WITH HIGHEST DISTINCTION.

These honors are not given to graduates who have done less than two sessions' work at the college.

Appointment.

The Faculty each year appoints a member of the Senior Class to participate in the Intercollegiate Debate at the Alabama Chautauqua. The selection is made upon the merits of the student as an orator and debater.

The Intercollegiate contest for 1901 took place at the Aniston Chautauqua June 29. The prize ($50 in gold) was won by F. H. Watkins, a Howard senior. This makes three times in four years that Howard has won in the Alabama Intercollegiate contest.

Degrees.

The degrees of BACHELOR OF ARTS, BACHELOR OF SCIENCE, BACHELOR OF CIVIL ENGINEERING, BACHELOR LITERATURE, and BACHELOR OF PEDAGOGY are conferred upon students who complete the courses prescribed for these degrees. For the specific requirements, see "Courses of Study," page 19 and following.

Regulations.

1. No one is allowed to contest for a medal with a speech which he has before spoken in public at the College.

2. No student is admitted to a degree or permitted to take part in the Commencement exercises, unless he has creditably sustained all his examinations, performed such other exercises as may have been assigned him, and settled all College dues.

GENERAL INFORMATION.

History.

Howard College, the property of the Alabama Baptist State Convention, was chartered by the General Assembly of Alabama in 1841. It has twice been destroyed by fire, but has each time come forth stronger than before. It was first located in Marion, but in 1887 was removed to its present location, East Lake, a beautiful and healthful suburb of Birmingham.

Location.

Ready transportation between the city and the College is afforded by an electric line on which cars run each way at intervals of twelve minutes. The distance is six miles and the fare five cents. Regular day students get a half-rate.

The authorities of the College are largely aided in the administration of moral discipline by the favorable surroundings of the institution.

Religious worship is regularly held every Sabbath in the Baptist, Presbyterian and Methodist churches, which are located within a few hundred yards of the College buildings. By special statute the sale of ardent spirits is prohibited within a radius of three miles.

Incidental Advantages.

By reason of the proximity of Howard College to a large city, it enjoys immense advantages without experiencing the disadvantages of city life.

The life and energy characteristic of this region are apt to awaken a corresponding spirit in the young men who attend this institution of learning. This, taken in connection with the public lectures and libraries of a large city, is not without vast benefit to the young men seeking development, while the firm but kind discipline serves to restrain students from the corrupting influences of the

city. Birmingham citizens have remarked upon the fact that no Howard student is ever seen in a barroom.

Personal Attention of the Professors.

The professors devote all their time to the students, giving instruction in the class room during the day, and visiting dormitories night and day. Parents committing their sons fully to the care of the College officers may be assured that physical comfort, moral influences, and intellectual training will be provided.

To avoid distracting influences, to command full attention, and to facilitate study, young men are required to board and lodge at the College, unless their relatives live in town.

Religious Culture.

Devotional exercises are held every morning in the Chapel, and the Faculty and students attend.

Students are required to attend the churches of their choice every Sabbath morning; they are also required to attend Sabbath school, provided there is one belonging to the church of their choice accessible. They may be entirely relieved of the duty of attendance upon Sabbath school by presenting to the President a written request to that effect from their parents or guardians. In no instance is a student forced to attend any Sabbath school other than the one of his own or his parents' selection.

Special Care for Young Boys.

Special attention will be given to boys under the ordinary age of college students. These will, as far as possible, be placed in the rooms of students of settled habits and good moral character. Ministerial students can often be induced to assume this responsible charge.

Sickness.

When ill, students have the personal attention of the President and College Physician. Parents and guardians are promptly notified of the sickness of students, and advised from time to time of the tendency of the disease.

Buildings.

There is one main college building of brick, and four brick dormitories; also a large two-story wooden building with thirty-two rooms for dormitory purposes. Pleasant and commodious quarters are thereby furnished.

The main building is three stories high, and embraces lecture rooms, offices, laboratories, society halls and chapel.

Gymnasium and Baths.

The College is provided with a well-equipped gymnasium, and with hot and cold baths.

Libraries, Cabinets, Etc

Each of the two literary societies has a good library, and the College has one. Additions are constantly being made to the libraries. Contributions of books are earnestly solicited from the friends of the College.

The Geological and Mineralogical Cabinets contain a large variety of specimens. A handsome series of Maps, Charts and Engravings illustrate lectures on Geology, Astronomy and Physiology. The College is in possession of a good chemical laboratory.

Plan of Instruction.

Professors and teachers are occupied as many hours as are necessary to examine thoroughly each day all the members of each class, and thus allow no neglect of any study.

The classes are divided into small sections so that each student may receive special attention. The members of sections are arranged according to merit in each branch, and the students are kept constantly stimulated to attain and preserve good positions.

The progress of each class and the relative merit of the members are recorded. At the end of six weeks the results are reported to the President and afterwards posted on the bulletin board for encouragement or warning.

Government.

The government is administered by the President and Professors in accordance with the regulations adopted by

the Board of Trustees. A copy of the laws is kept in each student's room.

These rules inculcate manly virtue, preserve order, require sobriety and morality, protect and encourage good students, and do not allow the persistently idle and immoral to remain where they can injure others.

The personal influence of the President and Faculty is exercised to encourage the young men in the discharge of their duties; and the co-operation of parents is solicited, as the success of college government depends greatly upon the support which is given from home to the administration of discipline.

Daily reports of conduct and semi-monthly reports of studies are made to the President. From these monthly reports are made to parents and guardians. The reports to parents show the absolute and relative standing in each class, and other facts that may be thought of interest.

Cadet Corps.

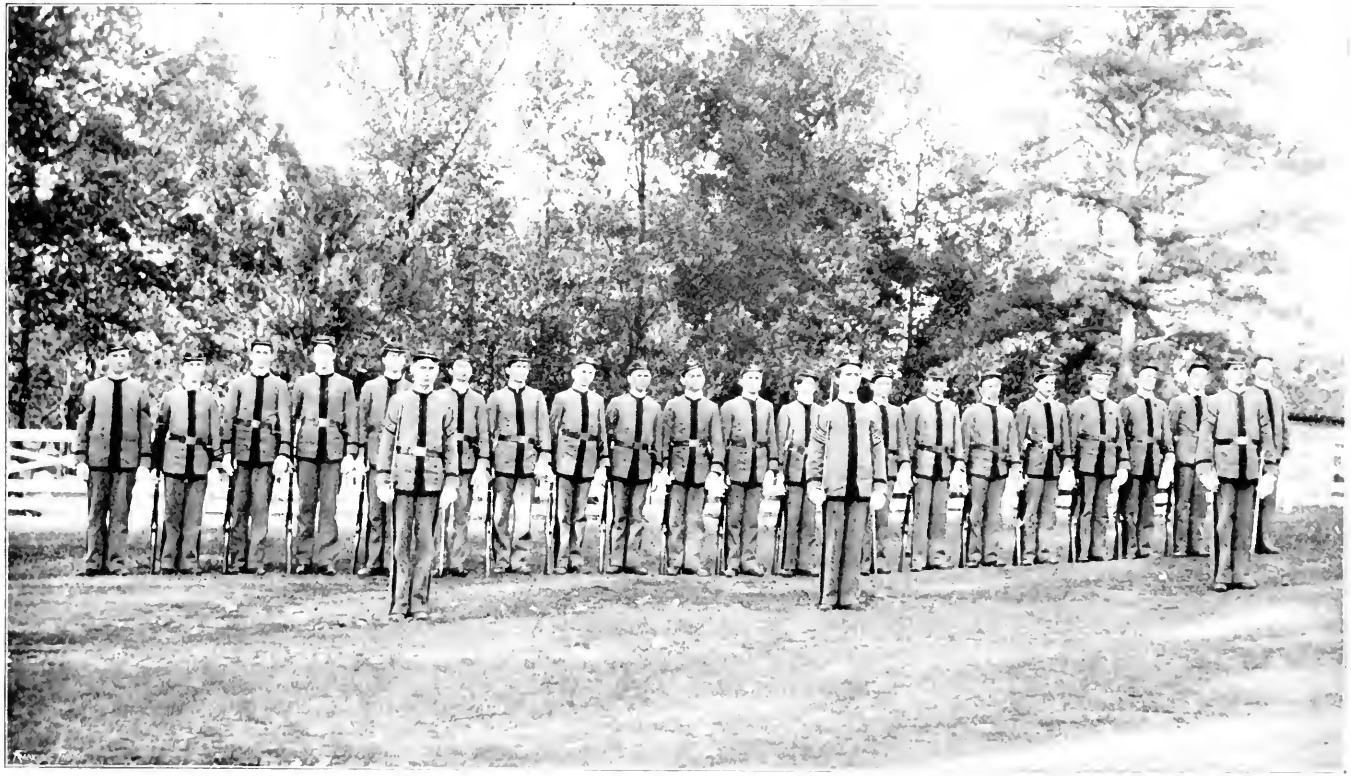
For the purpose of physical education—erect, graceful, and manly carriage of the body, a vigorous and healthy constitution; for cultivating politeness, moral courage, respect for self, deference to others, frankness, perseverance, industry and self-reliance: and for giving the mind power of close and continued attention, all students over fifteen years of age are required to join the Cadet Corps, which is drilled not more than one hour a day, and at such times as not to interfere with their studies.

No student is excused from this duty, unless it be by the President and Commandant for special reasons.

To New Students.

If new students will inform the President when they expect to arrive in Birmingham, they will be met at the depot by some student, or member of the Faculty.

A committee from the Y. M. C. A. meets all incoming trains bringing students.



COMPANY A.

Baggage of students will be transferred from Birmingham to East Lake on the presentation of the check to the Quartermaster at the College.

Rooms will be assigned before the opening of the session whenever application is made. Little trouble, however, is experienced in securing desirable rooms, and the matter can usually be attended to after arrival at the College.

Auxiliary or Accredited Schools.

Any high school or academy in the State, whose course of study and methods of teaching are approved by the President and Faculty of Howard College, will, upon application, be declared an Auxiliary or Accredited School of the Howard, and will be awarded a certificate to this effect. The President invites correspondence with the principals of such schools.

Students presenting certificates from the Auxiliary or Accredited Schools of the Howard will be admitted to the College without examination.

STUDENT ORGANIZATIONS.

Literary Societies.

There are, in connection with the College and in successful operation, two literary societies—the Philomathic and the Franklin. They are provided with well-selected libraries and with elegant halls, where they meet every Saturday evening for declamation, debate, and other things pertaining to the interest of the societies. Besides these weekly meetings, each society holds during the session three public meetings—two for debate and one for declamation. The latter are arranged as a part of the Commencement exercises, and each society gives a medal for the best declamation. The medalists for 1901–1902 were as follows:—

FRANKLIN.

J. O. COLLEY ..... Chilton County.

PHILOMATHIC.

A. F. LOFTIN..... Washington County.

The two societies unite in publishing the HOWARD COLLEGIAN, a monthly magazine of about fifty pages.

These literary societies are regarded as valuable aids to the student in forming a literary taste, in affording opportunities for practice in debate, and in obtaining a knowledge of parliamentary rules. All students in the College are required to join and attend one of the societies.

The Ministerial Class.

The ministerial students meet Friday evenings for the purpose of studying and analyzing Scripture texts, and for the discussion of matters of interest and profit to themselves. A series of lectures by leading ministers and Christian workers is given, and is of great benefit to the class.

By the co-operation of the Executive Committee of the Birmingham Baptist Association young ministers are given work in the destitute places of the Association. Besides this, the care of churches in the suburbs of Birmingham and at adjacent points is offered.

Young Men's Christian Association.

In the fall of 1898, a Young Men's Christian Association was organized among the students of the College, and has since been in active operation.

The officers for the ensuing year are:

PAUL KEETON.....President.
J. O. COLLEY.....Vice-President.
P. C. BARKLEY.....Secretary.

INFORMATION CONCERNING ENTRANCE, TUITION, BOARD, ETC.

The Scholastic Year.

The next session begins on Wednesday, the 17th of September, and continues nine scholastic months, the annual Commencement occurring on the last Wednesday in May. The session is divided into two terms, the second term beginning January 25th. The exercises are suspended for one week at Christmas, and one day in spring, that is, on "Field-Day," for competitive outdoor sports.

Students are urged to be present at the opening of the session and to return promptly after the holidays. The delay or loss of even a few days is often a great hindrance to the future progress of the student.

Matriculation.

Every applicant for admission, arriving in the city, is required to report promptly to the President. To be admitted, he must be of good moral character; and, if he has been a student of another institution, he must present satisfactory evidence of good moral conduct while there; and he must undergo such examination as will satisfy the Faculty that his character and attainments will justify his admission. Then, after arranging with the Treasurer for his expenses for the term, he is required to matriculate at once.

Classification.

The student is examined and classified according to his advancement in each of the several subjects he may wish to study. Great care is exercised that no one enter higher than his previous training and present attainments will justify.

Admission Without Examination.

Students having certificates of proficiency, or diplomas from high schools or academies of high grade and recognized thoroughness, will be admitted into classes without examination, and classified according to the degree of advancement indicated by their certificates or diplomas. The student thus admitted will, of course, be transferred to a lower class, if it should be found later that he was allowed to enter too high at the beginning.

Selection of Studies.

A student is allowed to select the course of study that will best qualify him for his life's vocation. The Faculty, believing in the necessity and utility of a broad and liberal education, will always encourage a complete course. To this end, the right is reserved to prescribe the studies of students in any case where, in the wisdom of the Faculty, it seems necessary. The student is expected to adhere throughout the session to the course selected.

Every one is required to have at least fifteen recitations a week. Twenty recitations a week are regarded, in the experience of the Faculty, as sufficient for the average student and even for the student of greatest capacity. To undertake more than these means a class of work unsatisfactory to the professor and the student, and may result in failure. Hence, no student is allowed to carry more than twenty recitations a week, unless it be by consent of the Faculty for special reasons.

Expenses.

All expenses are payable strictly in advance at the beginning of each term.

When a student leaves college before the close of the term, board is refunded, but no tuition or fees.

Remittances should be made by registered letter, money order, or New York exchange, to the Treasurer.

The expenses in detail are as follows:

TUITION—Tuition in the Collegiate Department is $30.00 per term; in the Sub-Collegiate Department, $25.00 per term.

BOARD.—Board is $50.00 per term for all students. Students lodge in the dormitories and take their meals in the College dining-hall. Great care is exercised in the selection and preparation of the food. The dining-hall is in charge of a competent and worthy matron.

The rooms of students are furnished with the most approved styles of iron bedsteads, provided with wire-woven springs. Tables, chairs, mattresses, and other articles of necessity are provided by the College. Every student, however, is required to bring a pair each of blankets or comforts, sheets and pillow-cases. When he retires from the College, he may remove them as a portion of his baggage.

INCIDENTAL FEE.—An incidental fee of $5.00 per term is charged every student. No exceptions are made. This fee is required for fuel, repairs, and the incidental expenses of the College.

MEDICAL FEE.—Observation has taught us that every student needs some medical attention during the session, while some need a great deal. In order to economize in the matter of medical fees, a College Physician has been elected by the Board of Trustees. His services will be given any student the entire year for the payment to the Treasurer of $2.50 at the beginning of each term.

Every student will be required to deposit this amount as a medical fee with the Treasurer. This does not apply to such students as attend from home, unless they should desire it.

GYMNASIUM FEE.—A fee of $1.00 per term is charged as a gymnasium fee.

DIPLOMA FEE—A fee of $5.00 is charged for every diploma conferring a degree.

LABORATORY FEE—Students in the Chemistry classes are required to pay a fee of $5.00 for chemicals used in the laboratory.

Cost of Uniforms.—Arrangements have been made by the Faculty with a responsible firm, whereby cadets can secure uniforms, made of the best material, West Point regulation style, at a cost not exceeding $16.50 per suit: While all students in the Cadet Corps are required to purchase uniforms, yet they cost less than citizens' suits of the same quality, and are more durable. Therefore, they diminish rather than increase the student's expenses at College.

Incidental Expenses of the Student.—In addition to the above-named expenses, the student will need a small amount of money for stationery, books, lights, laundry, etc. But the Faculty would impress upon parents and guardians that students need little money beyond what is advertised in the College Catalogue; and parents are advised to limit the amount of pocket-change allowed their sons.

When requested to do so, the President or Treasurer will act as *fiscal* guardian of students, granting only such sums to them as may be needed. Nothing contributes more to the demoralization of the young man at College than a well-filled purse for private use.

Not infrequently complaint is made because of the extravagance of a student at College, as if the institution were responsible for the amounts sent from time to time by parents or guardians. The actual College expenses are stated in the catalogue; and if parents or guardians are lavish in their gifts of money to their sons or wards, they should not hold the College responsible.

Summary of Expenses.

It will be seen from the above specifications that board, tuition, and required fees cost the student in the boarding department:

Collegiate.....$87.50 per term; $175.00 per session
Sub-Freshman.....$82.50 per term; $165.00 per session

Students not boarding in the College:

Collegiate.....$35.00 per term; $70.00 per session
Sub-Freshman.....$30.00 per term; $60.00 per session

The foregoing expenses are as low as it is possible to make them and yet insure efficient work and first-class accommodations. To lower the expenses further would mean to lower the standard of work and the character of accommodations. It is proposed, on the contrary, to raise these without increase of expense to the students. No one who understands the importance of the right kind of education would prefer cheapness to thoroughness. It is the purpose of the management to give full "value received" for every cent charged. The Howard's mission is to make *men*, not *money*—to protect its students from the ruinous habits of vice and dissipation, and to develop their mental, moral and physical possibilities into strong, harmonious characters.

Sons of Ministers.

The sons of active ministers are given one-half of their tuition free.

Students for the Ministry.

Young men studying for the Gospel ministry, who come duly approved by their churches and endorsed by the Board of Ministerial Education, are admitted free of charge for tuition. They are charged for board and fees the same as other students.

Ministerial students must, at matriculation, pay the dues required at entrance, or make satisfactory arrangements for the same with the Board of Ministerial Education. The Faculty will assume no risks on deferred payments.

The Board of Ministerial Education will assist worthy young men from Baptist churches in Alabama in paying their expenses at College.

They must conform to the following regulations:

1. Moral.—In addition to being a member in good standing of a Missionary Baptist Church, the beneficiary must bring the endorsement of his church, expressing their belief that he is called of God to preach the Gospel.

2. FINANCIAL.—The object of the Board is to help only those who need help; therefore, it refuses to contribute anything to a student who has resources of his own. The Board very earnestly asks that the church and association giving endorsement of a brother, signify at the same time their purpose to render him financial aid to the extent of his necessities or their ability.

3. EDUCATIONAL.—The Board has decided to require all beneficiaries hereafter to be prepared for the Freshman class before entering Howard College.

Young men needing aid should write to one of the

OFFICERS OF THE BOARD OF MINISTERIAL EDUCATION.

Rev. J. G. Lowrey, President.....Warrior, Alabama
C. C. Jones, M.D., Secretary and Treasurer.....East Lake, Alabama

COMMENCEMENT, 1902.

MAY 22 TO 28.

THURSDAY, MAY 22.

8:30 p. m.—Final Meeting Franklin Literary Society.

FRIDAY, MAY 23.

8:30 p. m.—Final Meeting Philomathic Literary Society.

SUNDAY, MAY 25.

11:00 a. m.—Commencement Sermon by Dr. Keer Boyce Tupper, Pastor First Baptist Church, Philadelphia, Pa.

MONDAY, MAY 26.

10 a. m.—Sophomore Declamation Contest for Gold Medal.

8:30 p. m.—Athletic Exhibition in the College Auditorium.

TUESDAY, MAY 27.

10:00 a. m.—Junior Oratorical Contest for Gold Medal.

3:00 p. m.—Battalion and Prize Drill, Cadet Corps, College Campus.

8:30 p. m.—Address before Society of Alumni, College Chapel, by J. T. Collins, Jr., Birmingham, followed by a general reception.

WEDNESDAY, MAY 28.

10 a. m.—Commencement Day.

(1) Baccalaureate Address, by Dr. John R. Sampey, Professor of Hebrew and Old Testament Interpretation, Southern Baptist Theological Seminary, Louisville, Ky.

(2) Awarding of Diplomas by President F. M. Roof.

(3) Announcements for the Board of Trustees, by Dr. A. C. Davidson, President of the Board.

The Board of Trustees met in Annual Session in Franklin Hall, Tuesday, May 27, 10:00 a. m., sharp. The Society of Alumni held its Annual Business Meeting in the College Auditorium, Tuesday, May 27, 5 o'clock p. m.

HONORS AWARDED AT COMMENCEMENT, 1902.

MEDALS.

Captain's Medal.....Capt. H. W. Thompson, Jefferson Co.
Medal for Manual of Arms.....F. B. Greenhill, Franklin Co.
Medal for best All-Around Athlete..... A. M. Caine, Dallas Co.
Sophomore Medal.....A. E. Shahan, Etowah Co.
Junior Medal.....W. A. Spruell, Tuscaloosa Co.

HONORS IN GRADUATING CLASS.

Salutatory.....DeWitt Faucett, Randolph Co.
Valedictory..... R. A. Lambert, Dallas Co.

Undergraduates Entitled to Certificates.

The numerals in parentheses after the names indicates that the student is distinguished in two or more classes in the School.

THE SOCIETY OF THE ALUMNI.

The Annual Oration before the Society of Alumni was delivered Tuesday night, May 27, by Mr. Jos. T. Collins, Jr., '92, of Birmingham, in the College Chapel, to a large audience. The subject of the Oration was "Trusts," and it was handled in a masterful manner.

After the Oration an Informal Reception was held in the Chapel and many of the visitors met each other in a very pleasant social way.

The Annual Business Meeting of the Society of Alumni was held in the Franklin Hall immediately after the Reception. President Willingham was in the chair. The usual routine business was attended to with celerity. Several matters of considerable importance were brought before the meeting and suitably adopted. One of these was the important change in the Constitution so that any *matriculate of Howard College who had ever attended a session of the school and received an honorable discharge is eligible to membership in the Society*, upon *the payment of his annual dues.* It is believed that by this means many of the men who have attended the school but who did not graduate, yet, nevertheless, feel a deep interest in the college, may be brought into close affiliation with this Society. The Secretary will be glad to learn the names and addresses of any men eligible to membership under this rule.

The ANNUAL DUES were changed from $2.00 to $1.00.

The following Committee was appointed to arrange for the Endowment of the Howard College Athletic Association, with full power to do all things necessary in the matter :

W. P. MCADORY, Chairman.
H. R. DILL.
E. CARLISLE JONES.
E. P. HOGAN.
EDGAR A. JONES.

The following officers were elected for the ensuing year :

President, H. J. WILLINGHAM, Wetumpka.
Vice-President, W. E. EUBANK, Ensley.
Secretary and Treasurer, EDGAR A. JONES, Birmingham.
Registrar, A. J. MOON, East Lake.
Trustee for two years, W. P. MCADORY, Birmingham.

The appintment of an Orator and an Alternate Orator was left to the Executive Committee.

The Alumni Society stands pledged to support our College in every way possible, and the officers will be glad to communicate with any who are eligible to membership, in order that they may be enlisted in the cause.

REGISTER.

Alumni.

1848

*J. T. Barron, A.M., M.D., Practitioner, Surgeon C. S. A.....Marion

ENDOWMENT.

The buildings and appointments of the College represent an expenditure of $60,000. The friends of Christian education have donated something over 200 acres of land, described below. More than one-half of this land lies around Birmingham; some of it is to-day desirable building property, and most of it will rapidly enhance in value with the development of Birmingham, Woodlawn and East Lake.

The Alabama Baptist State Convention, with a unanimous vote, offers the College yearly the interest on $100,000 at 6%, or $6,000; this to be continued until the *permanent* endowment of the institution has been increased by this amount.

PROPERTIES OF HOWARD COLLEGE.

COLLEGE CAMPUS.

Volume 306, page 527—In block 94, East Lake Land Company to Alabama Baptist State Convention, lots 26, 27, 28, 29, 30, 31, 32, 33, in block 94; lots 8, 9, 10, 11, 12, 13, 14, 15, in bock 94.

Volume 142, page 257—In block 95, Rnhama Academy to D. I. Purser, agent, lots 9, 10, 11, 12, 13, 14, 15, 16; lots 27, 28, 33, 34, 35.
